

Top of the UK Travel TV Agencies

Solution

Working with **Gold Medal Travel**, the Travel TV was available to any travel agent in the UK, and provided a fully managed display of holiday destination videos, latest offers, promotions and more. Stored on the player units, content was shown in a playlist specified by Travel TV.

Travel agents also enjoyed content control, using a small remote control to either swap to a different pre-determined playlist or travel channel, or change videos and pages according to a customer's requirements. A great alternative to a page in a travel brochure, travel agents could even access a membership website where they could use a simple system to make their own playlists.
